

Integrated Care Fund Project Proposal Form - Revenue

Llywodraeth Cymru
Welsh Government

Project Overview

Region: West Wales	ICF Project name: REG OP 3 Localities Crisis Response	
Project start date: April 1 st 2019	WG ref:	Project completion date: March 31 st 2021
Is this project linked to an ICF capital project? N		
Is this project linked to the Dementia Action Plan funding? Y		

What is the primary focus (1) and secondary (2) focus of the project are you proposing? * please mark 1 and 2 as appropriate

Children's/young carers projects	Adults/Carers projects	Regional Capacity building/Infrastructure
Information/Advice/Awareness raising	Information/Advice/Awareness raising	Regional Partnership Board Development
Access to Services/single point of access/transport	Access to Services/single point of access	Regional Workforce development/training
Assessment and diagnosis	Assessment and diagnosis	Regional Programme management and evaluation
Social Prescribing	Social Prescribing	Regional/Integrated planning and commissioning
Early Help and Prevention	Early Help and Prevention	Regional Support for Social Value Sector Engagement
Emotional Health and Wellbeing	Emotional Health and Wellbeing/Loneliness and isolation	Regional support for Citizen/carers engagement
Edge of Care support	Stay at home/return home 1	Other – (please specify below)
Family Group Conferencing approach	Integrated Community Teams	
Family re-unification	Step up/down from hospital 2	
Therapeutic intervention	Intermediate Care/ pathway	
New accommodation/residential solutions	New accommodation/Residential solutions	
Other (please Specify below)	Other (please Specify below)	

ICF Project Description (brief description using theory of change model):

1 - What is the problem you are trying to solve? Develop a Clinically led, Crisis Response to extend and enhance the current range of intermediate care services for Carmarthenshire patients (with a focus on frailty, aged 75+ years) to avoid hospital admission and support timely discharge back to the community.

2 - What long term outcome/change are you hoping to achieve? Aiming to treat at home, 25% of the patients currently admitted to hospital for unscheduled care will be treated at home instead.

3 - Who is your key audience? Frail Older People aged 75+

4 - How will you reach them? Receive referrals from Primary Care, Community Nursing & WAST through a single point of access & clinical triage within

5 – What resources are available to support? Funding from ICF if approved, Cluster funding, Transformation Funding (applied for) Core Funding from both Health & Social Care, ICF Dementia funding & Health Board Annual Plan key actions funding to support clinical strategy.

6 - What activities will bring about the change? Develop a new Geriatrician/GP-led Crisis Response service, providing intensive multi-disciplinary assessment, diagnostics and treatment at home for between 48 hours and 7 days, to avoid a hospital admission.

How does your project address your population needs assessment and area plan? PA: The WW Population Assessment demonstrates a significant rise in the over 65 demographic over the next 20 years. With this increase comes more people with chronic conditions, frailty & dementia with multi-pathology. We know that older people who are admitted to hospital de-condition immediately and their independence declines rapidly.

AP : OR2 – Maintain independence through provision of targeted support the prevents the need for people to be admitted to hospital or long term res care or, supports timely discharge

What level of ‘prevention/Intervention’ (continuum) best describes your project? *please tick as appropriate (all apply but this is the primary focus)

Self Help, Information and Advice	Early Help and support	Intensive Support	Specialist Intervention

Project Costs (not including ICF Dementia funded posts)

YEAR ONE	Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total Cost
Direct delivery costs -					
Staffing					
Overheads (heat, light, rent etc)					
Resources/activity costs					
Equipment/IT					
YEAR TWO	Quarter 1	Quarter 2	Quarter 3	Quarter 4	Total Cost
Direct delivery costs -	247,000.25	247,000.25	247,000.25	247,000.25	£988,001.00
Staffing					
Overheads (heat, light, rent etc)					
Resources/activity costs					
Equipment/IT					

Project Delivery

Delivery partners

Local Authority	x
Health Board	x
Third Sector/Social Value sector	
Private/Independent sector	
Housing Association/RSL	
Other (pls specify below)	

Project budget holder

Local Authority	x
Health Board	x
Third Sector/Social Value sector	
Private/Independent sector	
Housing Association/RSL	
Other (pls specify below)	

Project geographical footprint

Regional	x
Sub-regional	
Multiple regions	
Local Authority	
Local community	

Project Beneficiaries (pls check boxes as appropriate):

Primary beneficiaries

Older people	x
People with learning disabilities	
Children with complex needs	
Children at risk of becoming looked after	
Care experienced children including adopted children	
Carers	
Young Carers	
People with dementia	

Secondary beneficiaries

Older people	
People with learning disabilities	
Children with complex needs	
Children at risk of becoming looked after	
Care experienced children including adopted children	
Carers	
Young Carers	
People with dementia	x

Other beneficiaries

Older people	
People with learning disabilities	
Children with complex needs	
Children at risk of becoming looked after	
Care experienced children including adopted children	
Carers	x
Young Carers	
People with dementia	

Project Design Principles (pls check boxes as appropriate):

Which of the 'A Healthier Wales' Quadruple aim/s does this project primarily address?

Improved health and wellbeing	
Better quality and more accessible health and social care service	X
Higher value health and social care	
A motivated and sustainable health and social care workforce	

Which of the 'ten national design principles' from A Healthier Wales will the project address?

Prevention & Early Intervention	
Safety	
Independence	X
Voice	
Personalised	
Seamless	X
Higher Value	
Evidence Driven	X
Scalable	X
Transformative	X

With voice and co-production as key principles, tell us who you have engaged with in the design of your projects

Service users (adults)	X
Service users (Children/young people)	
Carers	
Young carers	
Workforce	X
Social Value/third sector	
Community members	X
Other:	

Project outcomes and impacts

What Population level indicators/measures is your project seeking to address? * please select from national outcome/performance management framework

Citizens understand what care, support and opportunities are available and use these to help them achieve their well-being

- 1. Timely intervention to prevent crisis**
 - Rapid response to an episode or crisis; assessing, treating and or supporting people at home wherever possible, working closely with partners (standard for response is 2-4 hours)
 - Enabling people to be as independent as possible through providing services and support that are proportionate to need

Tell us how you will measure/understand the impacts of your project?

<p>How Much? (outputs)</p> <ul style="list-style-type: none"> • % / Number Individuals supported to achieve maximum independence for longer (in their own homes) 	<p>How Well? (quality)</p> <p>% / number of patients/clients reporting on service as good / excellent</p>
<p>Difference made? (impact)</p> <ul style="list-style-type: none"> • Support people age 75+ to maintain their independence at home and reduce their care needs on discharge from the service. 	

Tell us how you intend to evaluate the following aspects of your project (please refer to ICF guidance)

Impact Evaluation	<ul style="list-style-type: none"> • Number of hospital admissions avoided
--------------------------	---

<i>(How will you measure/understand the outcomes that have been achieved by your project?)</i>	<ul style="list-style-type: none"> • Number of discharges supported within 72 hours • Number of emergency bed days (reduction) • Length of stay of service users treated at home/ time spent at home
Process Evaluation <i>(How will you evaluate the system & process changes delivered by your project e.g. integration, co-production, social value?)</i>	<ul style="list-style-type: none"> • Conversion rate from A&E attendances to emergency admissions for over 75s • Readmissions of service users
Economic Evaluation <i>(How will you evaluate the cost benefits/cost avoidance delivered by your project?)</i>	Using a number of methods including: <ul style="list-style-type: none"> • Planned closure of two wards in acute hospital sites (£1,488,000 per annum full year costs)
Qualitative Evaluation <i>(How will you capture the experiences of service users/staff/communities?)</i>	Developing: <ul style="list-style-type: none"> • Patient and carer experience / satisfaction • Care needs of service users on discharge • Case studies

Exit Strategy

Tell us about your exit strategy for the project (post 2021):

The implementation of this model is a key feature of the HB's TCS strategy, the planned closure of the acute wards are completed and funds transferred into Community to maintain service in line with TCS.
